

PROTECTING YOUR BUSINESS, NOT JUST YOUR NETWORK

Sygnia is a cyber services and technology company, providing high-end consulting and incident response support to organizations worldwide. Sygnia’s team of cybersecurity experts, trained in elite intelligence units, partners with you to proactively build your cyber resilience and defeat attacks within your network.

Sygnia supports you throughout the entire cybersecurity journey:

Leading organizations worldwide trust us to deliver solutions for their most important security challenges. With Sygnia, you will:

- > Get a holistic view of your cybersecurity
- > Empower your security team
- > Minimize impact of an incident
- > Optimize technology stack
- > Have cyber experts at your side

THE SYGNIA DIFFERENCE

ADVERSARY PERSPECTIVE

Cyber attacks are a mind game. You need to think like an attacker and emulate their tactics to win the battle. We defeat attacks by applying decades of digital combat experience and constant analysis of the threat landscape.

TOP TALENT & EXPERTISE

We only deploy A-teams, comprised of select experts with the skill sets best suited to meet your needs, including forensic experts, security architects, adversarial experts, and enterprise security engineers.

TECHNOLOGICAL DEPTH & AGILITY

Our teams have extensive experience with the complete security stack and can jump in to any environment, whether it be cloud, on premise or otherwise, and start working with maximum efficiency and speed.

PRAGMATIC AND RESULTS-DRIVEN

We are your strategic, trusted advisor supporting you throughout the entire cybersecurity journey and providing you with long-term, practical recommendations that focus on the highest-impact risks and opportunities.

OUR SOLUTIONS

THREAT RESPONSE

INCIDENT RESPONSE

Investigate, contain, and defeat attacks in your network while minimizing business impact

INCIDENT RESPONSE RETAINER

Have a trusted partner on standby to support you, from forensic triage to a full-scale cyber event

ADVANCED MONITORING

Maintain threat detection capabilities and monitor network in times of significant business risk

DIGITAL FORENSICS

Find and recover digital evidence at any stage of investigation or litigation

ADVERSARIAL SECURITY

RED TEAMING

Simulate targeted attacks on the network to test security and identify vulnerabilities

PURPLE TEAMING

Defend against internal and external threats and maximize effectiveness of red and blue teams

TABLETOP WAR GAMES

Train your leadership and security management, by simulating a heavyweight, realistic attack

ATTACK SURFACE ASSESSMENT

Discover vulnerabilities, reduce exposure and strengthen security perimeter

PROACTIVE DEFENSE

SECURITY POSTURE ENHANCEMENT

Assess strength, design security and establish resilience

RANSOMWARE READINESS

Strengthen your ability to prevent and sustain ransomware disruption and destruction attacks

THREAT HUNTING

Preemptively hunt attacks and neutralize dormant and early-stage active threats

CLOUD SECURITY ENHANCEMENT

Design, build and transform cloud migration and security

M&A ASSESSMENTS

Conduct due diligence, analyze and manage acquisition-related risk

SECURITY TRAINING

Build capabilities of security team and maximize existing competencies

“Maintaining a very low public profile, [Sygnia] grew purely on personal recommendations and has often been described as a Cyber Security Delta Force. It has developed a reputation for speed and decisiveness in responding to attacks and helping Fortune 100 companies build their cyber resilience.”

SYGNIA

Sygnia is a cyber security consulting and incident response company, partnering with clients to quickly contain and remediate attacks and proactively enhance their cyber resilience. Known for their intense training in elite cyber intelligence units, Sygnia consultants approach each security challenge with the health of your business in mind. Sygnia's proven track record, commitment, and discretion have earned the trust of security teams, senior executives, and management boards at leading organizations worldwide, including Fortune 100 companies.
